

Chef Hugo Molina Culinary School of Pizza Design

Chef Hugo Molina and Seta Restaurant gives back through the Boys & Girls Club of Whittier's 2010 Professional Series

Tomorrow, Chef Molina will conduct two cooking classes for the Boys & Girls Club of Whittier. The first session will cater to the Club's 9-12 year old members, and the second session will cater to the Club's teens.

During their one hour "Culinary School of Pizza Design", Club members will learn how to prepare pizza dough from scratch; they will discuss the variety of sauces that can be used to make gourmet pizzas; and finally they will create their own masterpieces in the Club's state-of-the-art kitchen.

Last year, the Boys & Girls Club of Whittier established the Professional Series in an effort to share with their Club members a variety of professionals that they wouldn't normally be exposed to through their school or home life.

Seta is pleased to partner with the Boys & Girls Club of Whittier and believes that every child deserves a chance for success!

Pictures from the cooking classes on January 27, 2010 will be available for viewing at www.bgcw.org by Monday, February 1st!
